Efficiently manage multiple warehouses and godowns by boosting your sales with seamless shipping and delivery solutions. Meticulously crafted for stockists, wholesalers, distributors, and Pharma C&Fs.

HOW IT WORKS?

Invoicing

- Instant e-invoice at billing
- Simple interface for Billing User, Sales Rep & Customer
- Invoice sharing via email with attached CSV file

Stock Management

- Store-wise stock tracking
- Barcode-based item search
- Block/Unblock items per transaction

GRN Import

- Supports 100+ supplier templates
- Import PDF & CSV invoice formats
- Simplifies purchase entry and reduces manual errors

Order Management

- Sales Rep & Customer places order
- Easy order-to-invoice conversion

Report Management

- Track stock movement
- Monitor user performance & sales
- Reports by Manufacturer & Customer

Invoice Sharing

- Invoices auto-sent to customers via email
- CSV files for easy import into retail systems

Expiry Tracking

- Prevents expired product billing
- Auto alerts before item expiry
